Re: Facilitation/Syntheses Team

The Fresno County Transportation Authority (FCTA) understands that the Fresno Council of Governments (FCOG) has been involved in forming and scheduling meetings for a group labeled the "Facilitation/Synthesis Team" pertaining to a group formed to provide support for the two Steering Committees and a potential future Measure C ballot initiative in 2026.

In my role as Chairman of the FCTA Board, I write to you to make it clear that I have no plans to form an Ad-Hoc Committee and FCTA is not part of the Facilitation/Synthesis Team.

If you choose to sit on the Facilitation/Syntheses Team, you will sit as either a representative of FCOG or as a private citizen and not the Transportation Authority.
